

## **Classroom at Crater Lake—Fall 2016**

### **Sample Program Schedules**

#### **Option: Rim Village Activity Rotation**

Note: This option works best if you're bringing more than one class.

- 10:00 am**      **Groups arrive at the Crater Lake Rim**
- Proceed directly to Rim Village; **do not stop at the Visitor Center**
  - **A Ranger will board the bus** to welcome the group and explain the schedule
  - Students use the **restroom**, eat a hearty **snack**, and **dress** for the weather
  - Students may carry their backpack with extra layers and a water bottle  
Lunches stay on the bus, to be eaten when the program ends
  - Meet Ranger in designated area to begin activity rotations
- 10:30 am**      **Activity Rotations Begin**
- Choose three or four program options (see: Program and Curriculum Options); each runs about 45 minutes long
  - For the Fallen Log and ID-A-Tree activities, students should be pre-assigned to SIX small groups with a chaperone
  - To make the best use of field exploration time, there is no break for lunch!
- 1:05 pm**      **Activity Rotations End**      Rangers "release" students to the teacher
- 1:15 pm**      **Lunch**
- Locations: Sitting along the wall at Rim Village, the tables at Picnic Hill, the top floor of the Rim Café (upstairs above the Gift Shop, good for cold or wet days).
  - Many groups need to leave the Park by 1:30 pm (or earlier) to return to their schools. They often eat lunch on the bus.

#### **Option: Guided Hike**

Note: This option works best if you're bringing only one class.

- 10:00 am**      **Groups arrive at trailhead**
- Ranger meets bus and orients students
  - Students use the restroom if they haven't already
- 10:30**      **Group hikes trail with interpretive stops**
- 12:30-2:00**      **Lunch and Departure**
- It's possible to visit the Sinnott Overlook at Rim Village, or add one additional activity into this time.
